## openIMIS Newsletter New openIMIS website live now

Dear friends of openIMIS,

Today we have some exciting news to share: we launched the new [openIMIS website!](#)

The new site has a completely revamped design, but most importantly provides more content and detailed information on openIMIS for different target audiences. We have also included a page for each implementation site. That means, you can have fun getting to know where openIMIS is being used and how.

Moreover, there are many links guiding the reader to the more detailed wiki pages and further resources. Of course, you will also find the latest news related to openIMIS and you can stay updated on upcoming conferences.

Go have a look, explore and let us know what you think. We would be glad to hear any feedback from you!
