

Catalytic Implementation Fund

Catalytic Implementation Fund

- openIMIS, the software and knowledge around it is free
- Costs are incurred for an implementation
 - Hardware
 - Software customization
 - Training of users
- The lack of funds to cover the initial implementation costs are a barrier for openIMIS up-take

CIF details

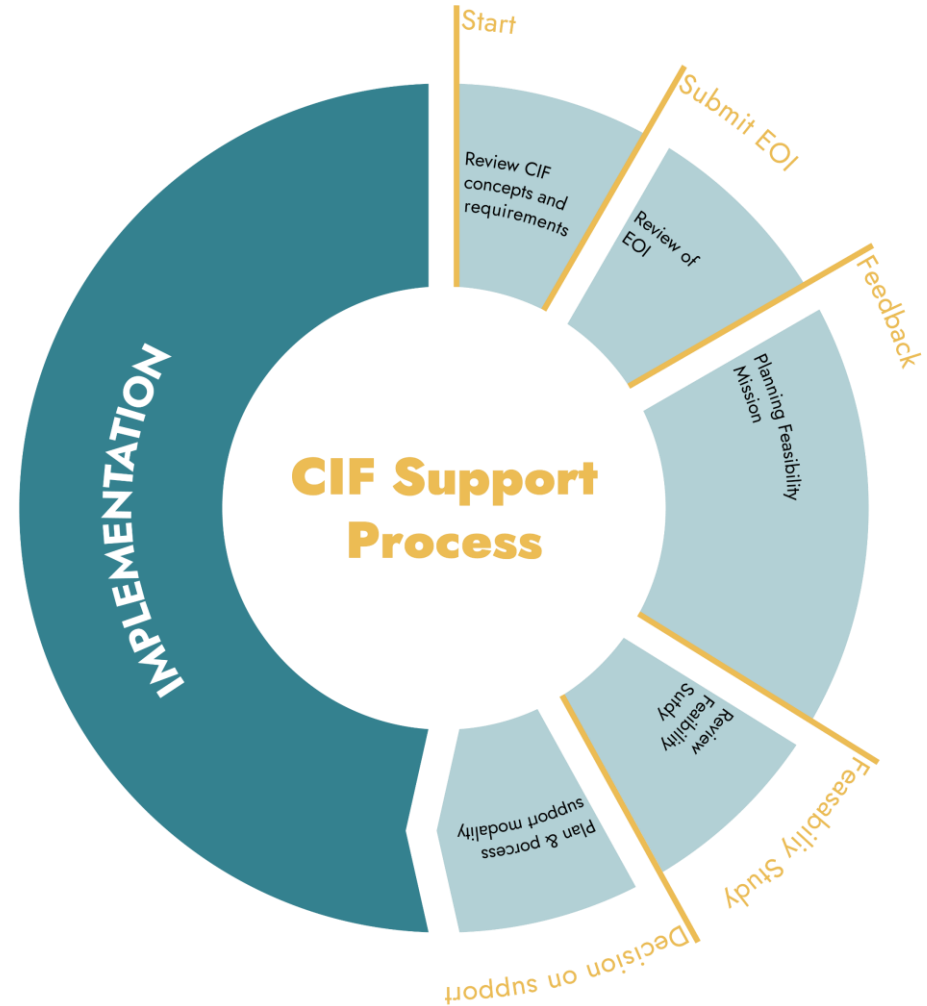

- BMZ & SDC have jointly setup a Catalytic Implementation Fund for supporting openIMIS implementations in partner countries
- Catalytic nature
 - Aimed to 'start' the implementation process
 - Not intended to be a continuous funding stream
 - Sustainability of use case is high priority
- Partner Countries
 - BMZ/SDC development cooperation

Eligibility

- Scheme operators
- For health financing or other social protection schemes
- Clear scheme definition
 - Legal and/or policy frameworks
 - Well defined Standard Operating Procedures
- Funds could be used for
 - Software customization
 - Capacity Development
 - (limited) Equipment needs

The process

- Scheme operator
 - Express interest to openIMIS Coordination desk
 - Work with CD to do a 'pre-feasibility'
- BMZ & SDC to review pre-feasibility results
- Feasibility Study
 - Scope of support required
 - Resource needs
 - Modality of support
- Approval
 - openIMIS coordination desk will facilitate the support provision
