Country Updates				
1	Cameroon - BEPHA	<p>Update: Study is being finalised for the scale-up of openIMIS for HIV. Can build on the system for beneficiary and claim management. Every patient with a unique identification number (pregnant women). Working to see with the firm that developed that tool to make openIMIS interoperable with that tool.</p> <p>Very strong wish to use openIMIS for social security purposes. Trying to identify what criteria they're going to use for vulnerable people. Working with local council on this. Workshop this week and next week when the technical team will meet → openIMIS presentation.</p> <p>Use of openIMIS for cash transfer for vulnerable people was a success, so scale-up is envisioned.</p> <p>Chèque santé for pregnant women. Implemented in 3 regions in Cameroon. openIMIS funding from AFD. Worked for the process flow for the project. Working on the SOP and the definition of the customisation needs. November to start the pilot.</p> <p>GIZ in Cameroon. project for vulnerable people and displaced people due to crisis. 4 regions. Equally focusing on reproductive health and support.</p>		

		<p>Need to explore how to harmonise the different openIMIS instances → reflection ongoing on this</p> <p>Follow-up: No attendee</p>
