Coun	try Updates			
1	Cameroon - BEPHA	Study finalized.		
		Chèque santé for pregnant women. Implemented in 3 regions in Cameroon. openIMIS funding from AFD. Worked for the process flow for the project. Working on the SOP and the definition of the customisation needs. November to start the pilot. We have proposed to start directly with the modular version (it was planned to deploy legacy first but as the project has been delayed and we approach the finalization of the modular version, we think it will save efforts to start directly with modular). During SOP analysis, the issue of lump-sum services came up (e.g. "ante natal" consultation includes a set of tests and items but whether these are given or not, hospital still reimbursed 7000 FCFA). This does not exist in openIMIS at the moment (only fee-for-service). This is something that is used in other contexts as well (Nepal, possibly Mauritania etc). The current pilot project will probably not have budget to do the whole development but to be considered for next phase. GIZ in Cameroon. project for vulnerable people and displaced people due to crisis. 4 regions. Equally focusing on reproductive health and support.

14	New Country Opportunities (Describe context - Risk holder/carrier, type of risk covered, beneficiaries covered (scale - no, geographical outreach, health care providers etc.), implementer, donor, specific need, other context related?)	Update: - Gambia implementation may not continue - Burkina wants a presentation of ol-Cash Transfer in French who can help? ILO? Team-Gambia? - 2M corp will help - Burkina - discussions ongoing from ILO side and GIZ - Uzbekistan - info is not given on existing scheme - requested and WHO considering what to share - not clear after few calls what the actual scheme design is - St.Lucia - no new update on openIMIS but more info on scheme design and link to interview with reprs from MoH. Maybe support on feasibility study might be needed and have their own funding to do the project the health insurance mechanism seems to have changed (similar to US ObamaCare system) - the government subsidies the premiums for marginalised population - need more clarity on their and WB side - The Saint Lucia Health System Strengthening Project Monthly Newsletter Volume 1 Issue 6 (adobe.com)

		- Renewed interest in Malawi
		Follow-up: Next week more information on expressions of interest.
		Cameroon - Maternal Health Voucher Scheme is being planned to be managed through openIMIS. GIZ, SwissTPH, Y-Note working together on this.
		Malawi - call with CHAM - potential to renew discussion on using openIMIS for SLA programme (MoH contracting out CHAM facilities).
		Myanmar: Approached by P4H for Myanmar (exchange between openIMIS and strategic purchasing scheme operators, NGO and iNGOS like UNOPS still provide these services in Myanmar); call on 30th September Chad - process for starting openIMIS int he country is ongoing (it was on hiatus before
		because of lack of funding)
