Location	Virtual (meet.jit.si/openIMISImplementers)		Time	10:00-11:00 CEST
meeting called by	openIMIS Coordination Desk	Type of meeting	Committee Meeting	
Facilitator		Note taker	All	
Attendees				
Distribution list				
Agenda	<ul style="list-style-type: none"> Follow Structure below 			

#	Item	Discussion	Who ?	Date
A: Action, C: Confidential, D: Decision, I: Information, W: Warning				
Country Updates				
1	Cameroon - BEPHA	<p>Study finalized.</p> <p>Chèque santé for pregnant women. Implemented in 3 regions in Cameroon. openIMIS funding from AFD. Worked for the process flow for the project. Working on the SOP and the definition of the customisation needs. November to start the pilot. We have proposed to start directly with the modular version (it was planned to deploy legacy first but as the project has been delayed and we approach the finalization of the modular version, we think it will save efforts to start directly with modular). During SOP analysis, the issue of lump-sum services came up (e.g. “ante natal” consultation includes a set of tests and items but whether these are given or not, hospital still reimbursed 7000 FCFA). This does not exist in openIMIS at the moment (only fee-for-service). This is something that is used in other contexts as well (Nepal, possibly Mauritania etc). The current pilot project will probably not have budget to do the whole development but to be considered for next phase.</p> <p>GLZ in Cameroon. project for vulnerable people and displaced people due to crisis. 4 regions. Equally focusing on reproductive health and support.</p> <p>Need to explore how to harmonise the different openIMIS instances → reflection ongoing on this</p>		

		<p>Update Feb 9: Presentation on modularization last Gumzo</p> <ul style="list-style-type: none"> • almost done on the functional side • opportunity to explore new implementations, and scale-up for existing implementations <p>Follow-up: No attendee</p>		
	Cameroon - Cheque Sante	- decision to use hybrid/modular vs. legacy pending.Meeting with all stakeholders this week		
2	Cameroon - HIV	<p>Update Feb 9: Might link to to other systems like 'Dama'*; need support from the government to get started on the catalytic fund</p> <p>Question Feb 9: Modular or hybrid for Cameroon-HIV? Recommendation is to go with modular; waiting decision from the government and other partners to start with this approach</p>		
3	Nepal - HIB (informal sector)	<p>Update: New app for self enrollment & member profile app Working still on the same Preparation for final roll-out ongoing and this is only the major priority of Ministry of Health and Population</p> <p>Random Sampling Module has been developed and HIB has started using the data. So far final payment is not done based on 100% data from this module</p> <p>MOHP has decided to integrate the Social Security Program called "Impoverished Citizen Program" into HIB. Study is going on to see if it can be directly integrated with openIMIS or have to do the new developments. Timeline is 5 months.</p>		
4	Nepal - SSF (formal sector)	<p>High Level visit from Bangladesh including Ministry of Labor, Bangladesh, GIZ Bangladesh, ILO and GIZ coordination desk on 19-22 Dec 2022 studying implementation of schemes specially Employment injury insurance and possibility of implementing or customizing openIMIS</p> <p>GIZ-Nepal Provided IT support to openIMIS customization and regular support contract</p> <p>Follow-up: No attendee</p>		
5	Tanzania - CHF	Update:		

		<p>epayment solution for contribution collection LIVE. To include details in next openIMIS newsletter. Link to articles is here: https://www.ippmedia.com/en/news/community-health-e-payment-format-rolling-out-next-month AND https://www.hpss.or.tz/e-payment</p>		
6	Zanzibar - PharmAccess	<p>Update:</p> <ul style="list-style-type: none"> ● 250,000 individuals enrolled ● covering 5/11 districts of Zanzibar ● Total pop: 1.5 Million <p>Update: Jean and Saurav had a call with Pharmaccess (raised the need for an ISO certification)</p> <ul style="list-style-type: none"> ● Suggestion: link Pharmaccess with Siddhart's team <p>Update (Feb 9):</p> <ul style="list-style-type: none"> -Zanzibar approved openIMIS to manage formal sector health insurance -Government wants to launch insurance for formal sector; development for both informal and formal -Working closely with the eHealth government to back up the technical team -Request: Criteria to be supported by openIMIS for this development -Recommendation: Announcement for this new implementation 		
7	Niger	<p>Testing in December 2021 Results to be aggregated and shared with Bluesquare Workshop to be organized early Feb</p> <ul style="list-style-type: none"> - Workshop to cover the details of setting up of openIMIS - Follow up to be planned - On-site teams are testing the solution to ensure system is applicable to the ground realities - <p>Update Feb 9: Writing final report and recommendations; project is closing</p>		
	Mauritania	<ul style="list-style-type: none"> ● Training week completed successfully. ● Training of trainers (coordinating team of the CNASS) ● They are still in the process of setting up the health insurance so there was some discussion around the processes and how different scenarios would work with openIMIS. 		

		<ul style="list-style-type: none"> Working on bug fixes 		
		Update:		
	Chad	<p>Enrolment process is going on with mobile applications No update</p> <p>Question Feb 9: Status of P4H in Chad</p>		
Work Streams
